ENGINEER’S REPORT

INTRODUCTION

Schedio Group LLC (“Schedio Group”) entered into a Master Service Agreement (“MSA”) for Engineering Services with Aerotropolis Area Coordinating Metropolitan District (“AACMD” and/or “District”) on December 11, 2018. Task Order 01 AACMD/ARTA - Cost Verification was approved on December 19, 2018. This Engineer’s Report and Verification of Costs Associated with Public Improvements (“Report”) is Schedio Group’s eighth deliverable associated with Task Order 01 of the MSA as it pertains to AACMD.

Section 4.1 of the First Amended and Restated Facilities Funding and Acquisition Agreement entered into on August 23, 2018, between Aerotropolis Area Coordinating Metropolitan District and Aurora Highlands, LLC, a Nevada limited liability company (“Developer”) states, “...the District agrees to make payment to the Developer for all Developer Advances and /or Verified Costs, together with interest thereon.” This report and verification consist of a review of costs incurred, and verification of costs associated with the design and construction of Public Improvements. Accrued interest is not considered in this report.

SUMMARY OF FINDINGS

Schedio Group reviewed \$4,256,990.28 of incurred expenses associated with Draw Request No. 31. Of the \$4,256,990.28 reviewed, Schedio Group verified \$4,256,990.28 as being associated with the design and construction of Public Improvements; of which, \$2,880,770.69 is associated with AACMD Series A Bonds, \$40,288.34 with AACMD Series B Bonds, \$18,509.00 with ATEC Metropolitan District (“ATEC MD”), and \$1,317,422.25 with Aerotropolis Regional Transportation Authority (“ARTA”). As costs associated with ARTA are reviewed and verified separately, they will not be included in this Report. The total amount verified associated with AACMD and ATEC MD is **\$2,939,568.03**.

For a summary of verified expenses associated with the design and construction of Public Improvements for AACMD and ATEC MD, please see *Figure 1 – Summary of Verified Expenses for AACMD and ATEC MD* below and see attached *Exhibit A – Summary of Costs Reviewed by Job Code* and *Exhibit A – Summary of Costs Reviewed by Vendor*.

DETERMINATION OF PUBLIC PRORATION PERCENTAGE

As final plats are not available for the entire The Aurora Highlands (“TAH”) development at the time of this report, Schedio Group was unable to calculate an area-based Public Proration Percentage for application to expenditures with both public and private components. Instead, Schedio Group requested an estimate of Public Area compared to Total Area as a percentage from Norris Design, the planner for The Aurora Highlands development. As a result, Norris Design provided an estimated Public Proration Percentage of 40% for the entire TAH development. Schedio Group and Norris Design reserve the right to revise the project’s Public Proration Percentage should additional information become available that would warrant such and either credit or debit the verified amount to date at that time.

VERIFICATION OF COSTS

Schedio Group reviewed soft, indirect, and hard costs associated with the design and construction of Public Improvements. Schedio Group found costs associated with Public Improvements to be reasonable when compared to similar projects, during similar timeframes in similar locales.

VERIFICATION OF PAYMENTS

As Draw No. 31 will be ratified during an upcoming board meeting, vendors have not yet received payment for services rendered as of the date of this report.

VERIFICATION OF CONSTRUCTION

Schedio Group LLC performed a site visit on January 13, 2021. Observation of the constructed improvements was performed to ensure that Public Improvements are being constructed in general conformance with the approved construction drawings. Photos are available from Schedio Group LLC upon request.

SPECIAL CIRCUMSTANCES AND NOTABLE METHODOLOGIES

Schedio Group reserves the right to revise or amend this report should additional information become available that would warrant such.

Various job code changes were implemented between Draw 26 and Draw 31. These job code changes were determined by others (developer, program manager, construction manager, etc.). Schedio Group was not involved in determining the job code changes. Schedio Group has incorporated the job code changes into Draw 31, therefore amounts herein reflect the job code changes. As a result of the job code changes, historical and current verified dollar amounts have, in some cases, shifted from one job code (project segment) to another job code (project segment), which has caused ARTA’s financial obligation to change per the following agreements:

- Intergovernmental Agreement Among The Board Of County Commissioners Of The County Of Adams, The City of Aurora And The Aerotropolis Area Coordinating Metropolitan District Establishing The Aerotropolis Regional Transportation Authority, prepared by McGeady Becher P.C. and dated February 27, 2018
- Intergovernmental Agreement Regarding Design and Construction of The Aurora Highlands Parkway Among Aerotropolis Area Coordinating Metropolitan District and Aerotropolis Regional Transportation Authority, prepared by McGeady Becher P.C. and dated August 12, 2020

Schedio Group has been reviewing, and will continue to review, details associated with the cost code changes. Based on our reviews to date, Schedio Group has no reason to doubt the validity of the cost code changes. Schedio Group reserves the right to revise any verified amount(s) and its(their) respective assignment to a Cost Code or Job Code throughout the review process.

ENGINEER'S VERIFICATION

Timothy A. McCarthy, P.E. / Schedio Group, LLC (the Independent Consulting Engineer) states as follows:

The Independent Consulting Engineer is an engineer duly qualified and licensed in the State of Colorado with experience in the design, construction and verification of costs associated with the design and construction of Public Improvements of similar type and function as those described in the attached Engineer's Report dated January 18, 2021.

The Independent Consulting Engineer has reviewed applicable construction and legal documents related to the Public Improvements under consideration to state the conclusions set forth in this Engineer's Verification.

The Independent Consulting Engineer finds and determines that Public Improvements considered in the attached Engineer's Report were constructed in general accordance with the approved construction drawings.

The Independent Consulting Engineer finds and determines that Public Improvements considered in the attached Engineer's Report, from November 11, 2020 (date of Union Pacific Invoice No. 90102222) to January 4, 2021 (date of Summit Strategies Invoice No. 1283), are reasonably valued at **\$2,939,568.03**.

In the opinion of the Independent Consulting Engineer, the above stated value for soft, indirect and hard costs associated with the design and construction of the Public Improvements is reasonable and consistent with costs of similar improvements constructed for similar purposes during the same timeframe and similar locales and is eligible for reimbursement from Aerotropolis Area Metropolitan Coordinating District to Aurora Highlands, LLC, a Nevada limited liability company.
